FIERCE FIGHTING AGAIN IN VICINITY OF LOOS, FRANCE

INFANTRY FIGHTING RENEWED THERE AND VIOLENT BOMBARDMENTS HAVE OCCURRED NEAR BEAURAIGNS AND IN CHAMPAGNE. TEUTONS OCCUPY ABOUT TWO THIRDS OF SERBIA.

But there has been a perceptible weakening of German strength on other fronts, as is shown in recent Russian advances on Riga-Dvinsk fronts—Italy may help in relief of Serbia by sending troops to Albania to meet Bulgarian invasion of that country—Greek Government appeals to Entente allies for loan, which is being considered sympathetically—Reported changes in Russian cabinet partly confirmed by Petrograd—Premier of Greece will dissolve Greek Chamber unless it supports new cabinet.

London, Nov. 9.—The infantry activities have been renewed in the vicinity of Loos in France, and violent bombardments have occurred near Beaurains, while there was spirited artillery firing in Champagne.

The Greek premier, Skouloudis is quoted as declaring that the Greek chamber will be dissolved unless it supports the new Grecian cabinet.

It is hinted that Italy may aid the Serbians indirectly by sending troops to Albania to meet the threatened Bulgarian invasion of that country, according to Rome dispatches.

The reported changes in the Russian cabinet are partly confirmed by the Petrograd announcement of the retirement of Agricultural Commissioner Krivoshein.

Berlin reports the capture of the Main Serbian positions south of Krilievo. The Central Powers and Bulgarians now control about two-thirds of Serbia, but not without weakening their other fronts as indicated by the Russian advances on Riga-Dvinsk.

Germans' Big Capture.
Berlin, Nov. 9.—Ten heavy guns, forty other cannon and seven thousand other arms and munitions were captured when the Germans took Krusevac yesterday. South of Krusevac, the German advance continues. Hindenburg's troops are still fighting desperately with the Russians on the Dvinsk fronts.

Greeks Ask for Loan.
Paris, Nov. 9.—The Greek government is reported as having appealed to the entente allies for an additional advance of forty million francs, and this request is being considered sympathetically.

More Teuton Successes.
London, Nov. 9.—The Austro-Germans have succeeded in crossing the Morava river in Serbia and General von Gallwitz has occupied Krusevac, one of Serbia's largest towns, about thirty miles due northwest of Nish. The fall of Krusevac means that the railway line to Ushitz, near the Bosnian frontier, has been broken by the invaders close to the point where it leaves the main Belgrade-Nish-Saloniki line.

A large number of prisoners, ten guns and a lot of war material fell into German hands.

The Bulgarians also are advancing from the east, but in the west the Montenegrins claim to have inflicted another defeat on the Austrians. The Austrians are said to be concentrating a force of 120,000 men in Herzegovina for an invasion of Montenegro.

The Russians continue their attacks in Courland, Volhynia and Galicia, and while they report some successes they apparently are not making any attempt to advance. According to Petrograd correspondents, there is no intention of such an attempt, the

present object of the attack being to harass the Austro-Germans and prevent them from preparing positions for the winter.

The Italians captured the Col di Lana and after a charge through the snow, hoisted the Italian flag on the summit. The Austrian war office admits that the Col di Lana was taken by the Italians, but declares that the counter attacks by the Austrians resulted in its recapture.

There has been no action of importance on the western front.

Submarines are becoming more active. The British have sunk in the Baltic the German cruiser Undine, which was escorting a German ferry steamer and now all the German ships in that sea are under heavy convoy. In the Mediterranean the Germans have sunk several steamers, including the British boarding steamer Tara.

HERE FROM OKLAHOMA CITY.

Wagner Says Damage Was Greater Than He Expected to See.

John Wagner of Oklahoma City is here visiting with his daughter, Mrs. E. B. Pugh. He has not been in Ardmore for some time, and came at this time that he may have an opportunity to observe the damage wrought by the explosion. He said he read all the newspaper reports from this city and also had personal letters from his people here, but he did not realize how much damage was done until he came here and went over the ruins.

Mr. Wagner has owned property in Ardmore for a long time, and has always been interested in the progress of the city.

DRENCHED THE STREETS

City Employees Used Plenty of Water to Rid Town of Dust.

City employees were engaged in washing the streets last night. The hose was turned on Main and Washington streets and they were given a good drenching and the dust, which had been accumulating for several days, was washed away. The streets are more pleasant today and the driving away of the dust is a big saving to the merchants.

ALVIN MARTIN COMING HERE

Boy With Broken Neck Expected to Arrive Next Thursday.

Alvin Martin, son of Dr. W. H. Martin of Lone Grove, who fell from a hay wagon some weeks ago and suffered a broken neck, left Spokane, Wash. Monday, accompanied by his brother and they are expected to arrive in Ardmore at one o'clock Thursday. Dr. J. F. Son will meet the injured boy here and will have charge of the case. It is not probable that he will be taken at once to the home of his parents, but will remain in Ardmore for surgical treatment.

Although his neck is entirely broken the young man is becoming some better. His mind remains perfectly clear and the sensation and strength is gradually returning to his arms and legs. There is a chance that he will recover.

WORKING HARD FOR BIG FREE COUNTY FAIR

CITIZEN FROM NORTHWESTERN PART OF COUNTY SAYS PEOPLE UP THERE ARE DELIGHTED WITH COMMISSIONERS' ACTION.

Jim Elliot of Tussy, one of Carter county's most progressive farmers and stock raisers, was in the city last night and stated that the action of the board of county commissioners in adopting the free fair bill was meeting with the hearty approval of every taxpayer in that section, and that they were all ready to get to work and make the first fair a big success. Mr. Elliot is heavily interested in the cattle business, beside his farming interests and he has also found time to plant a fine orchard that is producing fine fruit annually.

In speaking of dipping, he states that an effort is going to be made to have dipping vats in this county another year. He has had his cattle dipped twice in Stephens county and states that within a few days after each operation his cattle had increased in value over five dollars per head. Mr. Elliott said the question of tick eradication was a live issue among the people in his section of the county, and they were going to make an effort to have something done about it another year.

PLANS BEING MADE FOR ODD FELLOWS BLDG.

AT REGULAR MEETING LAST NIGHT, THE MATTER WAS DISCUSSED, BUT ACTION WAS DEFERRED.

Plans are being made by J. B. White for a two-story business house and lodge hall for the Odd Fellows. At the regular meeting of the lodge last night, plans were discussed, but action was deferred until the architect has the plans finished and is ready to submit them.

The building will be two stories in height, 53x90 feet. The lower floor will be fitted for store buildings and the upper used as a lodge room, reception room and banquet hall, with all modern conveniences.

The Odd Fellows have a very valuable piece of property and when the new building is finished they will have no trouble in securing desirable tenants for their business house, as it is most favorably located.

The old building was badly shaken by the recent explosion, and was later condemned and ordered taken down by the building inspector.

Cotton was selling on the streets today at from 11 to 11.25. Seed still remains at \$36 per ton.

The Dacia was sold and re-named by the French prize court.

The passengers and crew of the vessel landed safely.

The Dacia formerly belonged to the Hamburg-American line, but was sold and changed to American registry just before she was seized by the French.

DR. BUTLER OF M. E. CHURCH PROMOTED

ELEVATED TO COMMISSIONER OF EDUCATION AND WILL HAVE CHARGE OF FUND TO MAINTAIN WESLEYAN UNIVERSITY.

The Methodist conference that closed at Altus Sunday night, promoted one of Ardmore's popular pastors when it created Rev. Dr. Butler, for the past year pastor of the Broadway Methodist church, commissioner of education for the state at large, and at an increase in salary. He will have the work of collecting funds for the maintenance of the Wesleyan university at Oklahoma City under his personal charge.

Dr. Butler has not arrived in the city yet, but he told a citizen that he might still continue to make Ardmore his home. His work will take him over the entire state and none is better qualified for the task assigned than he. Dr. Butler and family have made a host of warm friends in this city who hope that they will decide to reside here. His successor, Rev. E. R. Welch was located at Wynnewood last year, and comes highly recommended as a preacher and pulpit orator. Dr. Butler and Rev. Welch are expected here today or tomorrow.

Death at Healdton.

Healdton, Okla., Nov. 8.—The grim reaper visited our quiet town Sunday afternoon and called hence Mina, wife of J. H. Womble, aged 45 years. Interment took place at our cemetery today.

A devoted wife, a loving mother, a noble Christian woman than whom a better neighbor never lived, has gone to her reward.

ENTERTAINMENT TO BE GIVEN FRIDAY

ON ACCOUNT OF OTHER PRESSING MATTERS INITIAL ENTERTAINMENT AT SOLDIERS' HOME WAS POSTPONED TO FRIDAY.

On account of other unavoidable incidents the first entertainment that was to have taken place at the soldiers' home last night, was postponed until Friday night, at which time a crowd of young people will go there and entertain the inmates with music and dancing.

Mayor Mullen was called out of the city at the last moment last night, and the affair had to be postponed. He states, however, that between now and Friday night he will have assembled a lot of talent that will more than compensate for the disappointment last night.

KITCHENER TO GO TO INDIA

WASHINGTON RESPONSIBLE FOR STORY THAT KITCHENER MAY GO TO INDIA.

NATIVES REBELLIOUS

British Government Confronted With More Serious State of Unrest Than Is Generally Known to the Outside World.

Washington, Nov. 9.—Earl Kitchener's ultimate mission is said, by confidential information here today, to be India, where the British rule is confronted with a more serious state of unrest than generally has been known, outside of British official circles.

This information, which was not subject to censorship, says that one of the most influential native princes, who is a staunch British supporter, has been deposed as a result of Hyderabad, bringing to a climax successive reports of mutinies.

Although the Balkan theatre was supposed to be his ultimate destination, Kitchener will visit not only India but also Egypt, where the British gateway to India is menaced by the Teutonic successes in the Balkans, and where the Turkish and German agents are persistently conducting propaganda among the natives.

The last state department reports from British Asia received more than two months ago, gave details of a native mutiny at Singapore, when all the officers and practically all troops of one British regiment were killed.

FUNSTON LEAVES BORDER.

Army Commander Left Douglas Today for San Antonio.

Douglas, Ariz., Nov. 9.—Major General Funston left here today for San Antonio. Army officers believe that the border conditions will be settled for a few weeks at least. There is uneasiness manifested, however, concerning Nogales, Sonora, where Villa is expected to arrive tonight to investigate reported disaffection among his troops.
